Bhoodan work in Sringeri Sub-Taluq - arrangements for the work being attended to by a party of Surveyors of the Department of Land Records, Survey and Settlement - sanction applied for -

---

Flag W

I have the honour to invite reference to G.O.(Ms.)No.2 Rev.(J), dated 16th January 1941, sanctioning the deputation of one Licensed Surveyor of the Department of Land Records, Survey and Settlement, to the Sringeri Jahagir, for a period of one month, to attend to the pending Bhoodan cases of the Jahagir and also, to give the Jahagir Pandit a refresher course of training in Survey work, etc. The Deputy Commissioner, Nagar District, has reported that the sanctioned period of deputation expired on 7th April 1943, and that, much Bhoodan work still remains to be attended to. In consultation with the Department of Land Records, Survey and Settlement, the Deputy Commissioner has proposed that the remaining Bhoodan work relating to the Jahagir, may be got attended to by a party of Surveyors, as, in view of the nature of the Records to be dealt with (most of which are missing and have to be rebuilt), the work cannot be entrusted to the present Jahagir official, who is not yet fully trained. The Commissioner for Settlement and Land Records, who was consulted, has stated that arrangement would be made to post a batch of Surveyors in the next field season (January to June 1944), to attend to the Bhoodan work in Sringeri Jahagir, if a lumpsum amount of Rs.600 is placed at the disposal of the Department, for the purpose. The Commissioner for Settlement and Land Records has stated, further, that the estimated cost of Rs.600 (in round figures) is towards the cost of the necessary field staff of five Surveyors required for the purpose, for a period of two months, to deal with 179 Land Record Bhoodan and 20 Tuvation records to be dealt with, and that, about ten records could be attended to by one Surveyor, in a month. The amount required for the purpose is to be met from the sum of Rs.4804-7-0 under Record of Rights Deposits, of Sringeri Jahagir Treasury. In this case

3044,
– R

[illegible] I request [illegible] to [illegible] obtain sanction of [illegible], [illegible] proposal for [illegible] pending [illegible] relating [illegible] Taluqs, [illegible] Management of Land Records, Survey and Settlement, [illegible] Block [illegible] Rs 1300 [illegible] the disposal of that Department, for [illegible] purpose, as proposed by the Commissioner.

[illegible] file [illegible] correspondence [illegible] in letter No. L.R.140 44-45 [illegible] of October 1944, [illegible] Commissioner for Settlement and Land [illegible], on the subject, is [illegible] for reference and return, when [illegible].

I have the honor to be,

Sir,

Your most obedient servant,

[signature]

Puzrai Commissioner.

– In the circumstances mentioned at A in para 1 of the D.O., the proposal of the M.C. to entrust the pending Phodi work to the Deptt of Land Records and to place a sum of Rs 1300/- at the disposal of that Deptt as proposed by the Commissioner for Settlement may be approved.

The work is proposed to be taken up during January to June 1945. The cost of Rs 1300/- will be met as proposed by the M.C.

Office of the Deputy Commissioner,

No.S2.C.4102/42-43.

To

The Muzrai Commissioner in Mysore,
Bangalore.

Sir,

Subject: Phodi work in Sringeri Sub Taluk.

I have the honour to enclose herewith Report No.O.C.147/42-43 dated 7-3-43, with a copy of its enclosure, and report No.H.C.50/43-44 dated 9-11-1943 received from the Officer-in-Charge, Sringeri Mutt and a copy of letter No.4290 dated 7/8th May 1943, received from the Superintendent of Land Records, Survey and Settlement in Mysore, Bangalore, and to state as follows:-

As per G.O.No.P.1927-30/Mua.235-40-2 dated 16-1-41, a Surveyor was deputed to work in Sringeri Sub Taluk for a period of six months. It is reported that the Surveyor posted was relieved on 7-4-43 after the expiry of the period of six months. On the recommendation of the District Survey Officer, Shimoga and the Officer in-Charge, Sringeri Mutt, for the continuance of the Surveyor ~~x~~ for a further period of six months from December 1943 for attending to the remaining Phodi work in Sringeri Sub Taluk, the Superintendent of Land Records, was addressed to post a junior and experienced Surveyo to Sringeri to keep the cost to a minimum.

The Superintendent of Survey and Land Records, in his letter ~~dated~~ No.4290 dated 7/8th May 1943 (Copy enclosed) has stated that in view of the nature of the Records to be dealt with in Sringeri Sub Taluk, most of which are missing and have to be rebuilt, it is necessary to post a Senior experienced Surveyor in the interest of the work. Further, he has stated that it may be examined if it will be more advantageous to the Mutt authorities if a lump sum contribution on the basis of records is paid to the Department, when arrangements could be made to post a party of Surveyors to take up the work in Sringeri Jahagir Sub Taluk and Koppa Taluk simultaneously.

and complete the whole work within a definite period.

The Officer in-charge, Sringeri Mutt reports that he agrees to the proposals of the Superintendent, Survey and Land Records, to dispose of the pending phodi works by posting a party of Surveyors and requests that sanction of Government may be obtained and the lumpsum amount to be contributed from the Jahagir may also be ascertained. It is reported that there is a sum of Rs.2278-8-8 on 1st November 1943 ~~x~~ under Record of Rights deposits in Sringeri Jahagir Treasury.

In view of the above, I request that sanction of Government may kindly be obtained to the proposals of the Survey Superintendent in consultation with the Commissioner of Land Records as to the cost to be incurred in the matter.

The favour of early sanction may be accorded.

I have the honour to be,
Sir,
Your most obedient servant,

M U Venkatachalapathy

For Deputy Commissioner,
Kadur District.

In enclosing herewith letter No.383 dated 6-2-1943 in original from the District Survey Officer, Shimoga Circle, Shimoga, in the matter of the extension of the period of deputation of the Surveyor working in this Sub Taluk on phodi work, I have the honour to state that in view of what the Survey Officer has stated in his letter, a recommendation may kindly be made for continuing the services of a Surveyor for 6 months more from December 1943, after the rainy season is over in this place.

In this connection, I have to state that the present Surveyor who is a Senior Official draws every month Rs.84-12-0 including his F.T.A., Deputation allowance, Pensionary contribution etc. The amount at the credit of the R.R. Deposit in this Sub Taluk is only Rs.2389-15-4 out of which all this expenditure has to met. I had a discussion with the District Survey Officer when he was here last for inspection, and he seems to be also of the opinion that a Junior Surveyor will be able to cope up with the work. As such, I propose that with a view to keep the expenditure as low as possible a recommendation may kindly be made to post a Junior Surveyor to this place for 6 months from December 1943, during which period, it is hoped the work will have been almost completed, and the Jahagir Official under training will have had sufficient training to attend to any further work himself afterwards.

H. Venkatagiri Rao

For Deputy Commissioner,
Kadur District.

RKN.2

District Survey Officer, Shimoga, to the Officer-in- arge, r nger Jahagir, Sringeri.

In inviting reference to G.O.No.1927-30/Muz.235-40-2 dated 16-1-1941 sanctioning the deputation of a Revenue Surveyor for a period of 6 months to Sringeri Jahagir Sub Taluk for cle-aring the pending phodi work, as also to give a refresher course to the Jahagir's own Surveyor, I have the honour to state that Hanumantha Siva Rao, surveyor deputed for the work, has completed 4 months stay and will remain in the Jahagir Sub Taluk for 2 more months, by when, the period of deputation expires. During the period of 4 months the Surveyor had to take a total stock of pending survey work with reference to the Akarbands, index of lands and pahanies of all the villages of the Jahagir Sub Taluk as records were not forth-coming in many a case. He had also attended to 37 records during the period. It will be possible to dispose of another 40 records during the remaining 2 months. With the above figures for disposal of records, the total stock of phodi work pending at the expiry of the deputation period will be about 150 records, which work cannot safely be entrusted to the present Jahagir official Laxminarayana Rao, who is under-going survey training, for the reason that he has had instruction in measurement work and rule s there-under and much remains to be learnt.

In these circumstances, I have the honour to request that if it is found feasible to extend the deputation period by 6 months more in the first instance for clearing the entire pending work with the current work to the advantage of the Jahagir and for imparting thorough instruction to the Jahagir official now under

under training, early action may kindly be taken for further retention of the surveyor in the Jahagir Sub Taluk.

M. Venkatagiri Rao

HKN.2

For Deputy Commissioner,
Kadur District.

Copy of letter No.4290 dated 7/8th May 1943, from the Bangalore Superintendent of Land Records, Survey & Settlement in Mysore, to the Deputy Commissioner, Kadur District.

- - -

With reference to your letter No.S2.C.4102/42 dated 16-4-43, in the matter of deputing for a further period of 6 months a junior and experienced surveyor instead of a senior one for the disposal of phod and other records in the Sringeri Jahagir, I have the honour to state that in view of the nature of the records to be dealt with, most of which are missing and have to be re-built, it is necessary to post a senior experienced surveyor in the interest of work. A junior surveyor will not be able to do full justice to the work.

It may however be examined if it will be more advantageous the Mutt authorities if a lumpsum contribution on the basis of records is paid to the department, when arrangements could be to post a party of surveyors to take up the work of the Jahagir Koppa Taluk simultaneously and complete the whole work in one season. This will ensure speedy and efficient disposal, and economy in cost. If you agree, orders of Government may be obtained and the amount of lumpsum contribution can be fixed up by Government in consultation with the department.

For normal phodi work I have no objection to train the individual you have in view and who is prepared to work on a small pay in the Jahagir area if orders of Government are obtained for training him along with the training of other people here.

Your further views will be awaited under these circumstances

RKN.2

For Deputy Commissioner, Kadur District.

Copy of letter No.H.C.50/43-44 dated 9th Novr.,1943, from ie Officer-in-Charge, Sringeri, to the Deputy Commissioner, adur District.

- - -

With reference to your memo No.S2.4102/42-43 dated 20th lay 1943, regarding the arrangements to be made for the disposal of phodi work in the Jahagir, I have the honour to state that there are 189 phodi records pending for attention. The Superintendent, of Land Records, has suggested that a lumpsum contribution on the basis of the records may be paid to the Department, so that the party of Surveyors posted to Koppa Taluk, may attend to these cases simultaneously in the Jahagir area also as this will ensure efficient and speedy disposal and economy in cost. I agree to this proposal. The lumpsum amount to be contributed may kindly be ascertained and sanction of Government obtained for this arrangement. There is a balance of Rs.2278-8-8 on 1st November 1943 under Record of Rights fees, in the Jahagir, from which the contribution will be met.
